WILDLAND HYDROLOGIST/WATERSHED MGMT - TENURE-TRACK POSITION. The Natural Resources Management & Environmental Sciences Department at Cal Poly, San Luis Obispo, CA is seeking a full-time, academic year, assistant/associate professor to begin 9-10-2012. This position is in the area of wildland hydrology and watershed management. Rank and salary are commensurate with qualifications and experience. This position is full-time teaching appointment with expectations for professional development through research and project work. In addition to understanding wildland surface water processes, there will be particular interest in those candidates with expertise in Geographical Information Systems, vadose zone and groundwater hydrology and wildland water quality analysis and monitoring. The successful candidate will teach a variety of undergraduate and graduate courses in watershed management, watershed hydrology, GIS, and other courses depending on his/her area of expertise. Qualified candidates must demonstrate the potential for collaborative research in environmental science and management with interests in wildland (particularly forest ecosystems) science and management. The successful candidate is expected to participate in scholarly activities (i.e., research, publishing, grant writing) as part of his/her professional development. Additional expectations include supervision of graduate students, senior project students, team teaching assignments, and advising undergraduate and graduate students. Excellent written and oral communication skills and strong interests in undergraduate and graduate teaching are required. Ph.D. required at the time of appointment with an emphasis in watershed management or forest hydrology, or closely related field. Additional desired areas of expertise could include demonstrated excellence in university level teaching and the ability to play an important interdisciplinary role across all programs. For details, qualifications, and application instructions (online faculty application required), visit WWW.CALPOLYJOBS.ORG and apply to Requisition#102456. Please attach a letter of interest, curriculum vitae, references, and a statement of teaching philosophy. Please see online posting for mailing three original letters of recommendation and unofficial transcripts. Official transcripts will be required prior to an appointment. Review of applications will begin 2-24-2012. Applications received after that date may be considered. Cal Poly State University is strongly committed to achieving excellence through cultural diversity. The University actively encourages applications and nominations of all qualified individuals. EEO
